AMC NETWORKS INC. REPORTS SECOND QUARTER 2021 RESULTS

New York, NY – August 6, 2021: AMC Networks Inc. (“AMC Networks” or the “Company”) (NASDAQ: AMCX) today reported financial results for the second quarter ended June 30, 2021.

President and Chief Executive Officer Josh Sapan said: “AMC Networks had a strong second quarter with impressive financial results domestically as well as internationally, driven by robust growth in revenues for our targeted streaming services, particularly strong advertising growth, and high demand for our world-class content. We continue to advance our position as the worldwide leader in targeted streaming, with high subscriber satisfaction and strong consumption for our services. AMC+, our premium bundled offering, has quickly become our fastest-growing service, driven by expanding distribution and the strong, character-driven dramas that power it. Our streaming momentum and our expanding advertising efforts are enabling us to continue to meaningfully reconstitute the revenue mix of our company and to deliver continued growth and shareholder value.”

Second Quarter Financial Highlights:

- Net revenues increased 19% to \$771 million as compared to the prior year quarter
- Operating income of \$68 million; Adjusted Operating Income⁽¹⁾ increased 11% to \$251 million as compared to the prior year quarter
- Diluted EPS of \$0.83; Adjusted Diluted EPS⁽¹⁾ of \$3.45

Domestic Operations

- Domestic Operations revenues for the second quarter increased 14% to \$639 million compared to the prior year quarter
- Advertising revenues increased 13% to \$212 million due to higher pricing and ad-supported streaming growth, partially offset by a reduction in the number of episodes of our original programming and lower ratings
- Distribution revenues increased 14% to \$427 million including the one-time beneficial impact of a distribution agreement renewal; excluding this one-time impact, distribution revenues increased 10%
 - Subscription revenues increased 21% driven by robust growth in streaming revenues, attributable to increased paid streaming subscribers, as well as the one-time beneficial impact of a distribution agreement renewal; excluding this one-time impact, subscription revenues increased 17%
 - Normalized affiliate revenues declined in the low-single digits, attributable to subscriber universe declines
 - Content licensing revenues decreased 10%, driven by the reduced availability of original programming, as the result of pandemic-related production delays
- Operating Income, which included the \$143 million impact in Impairment and Other Charges related to the previously disclosed Settlement Agreement, which is described below, was \$88 million for the quarter
- Adjusted Operating Income increased 6% to \$250 million, reflecting increases in advertising and distribution revenues, partially offset by an increase in operating expenses including higher levels of programming and marketing investments to support the continued growth of streaming revenues

International and Other

- International and Other revenues for the second quarter of 2021 increased 53% to \$138 million compared to the prior year quarter
- Advertising revenues increased 75% to \$26 million largely related to higher pricing, better ratings and the favorable impact of foreign currency translation at AMCNI
- Distribution and Other revenues increased 48% to \$112 million primarily due to the resumption of production at 25/7 Media as well as the favorable impact of foreign currency translation at AMCNI
- Operating Income was \$20 million compared to an Operating Loss of \$126 million in the prior year period; Adjusted Operating Income increased 61% to \$25 million
- Operating Income and Adjusted Operating Income reflected the increase in revenues partially offset by an increase in operating expenses, including an increase in production-related expenses at 25/7 Media and an increase in selling expenses at AMCNI

Other Matters

Settlement Agreement

On July 16, 2021, the Company entered into a settlement agreement (the "Settlement Agreement") with Frank Darabont, Ferenc, Inc., Darkwoods Productions, Inc., and Creative Artists Agency, LLC (together, the "Plaintiffs") in actions brought in connection with Frank Darabont's rendering services as a writer, director and producer of the television series entitled *The Walking Dead*. The consolidated cases were initially brought in 2013 and 2018 and the trial of the consolidated cases was scheduled to commence on April 4, 2022. The Settlement Agreement provides for a cash payment of \$200 million (the "Settlement Payment") to the Plaintiffs and future revenue sharing related to certain future streaming exhibition of *The Walking Dead* and *Fear The Walking Dead*. With regard to the Settlement Payment, the Company recorded a charge of \$143.0 million, included in Impairment and Other Charges in consideration for the extinguishment of Plaintiffs' rights to any compensation in connection with *The Walking Dead* and any related programs and the dismissal of the actions with prejudice, which amount is net of \$57.0 million of ordinary course accrued participations.

Stock Repurchase Program & Outstanding Shares

As previously disclosed, the Company's Board of Directors has authorized a program to repurchase up to \$1.5 billion of the Company's outstanding shares of common stock. The Stock Repurchase Program has no pre-established closing date and maybe suspended or discontinued at any time. During the second quarter 2021, the Company did not repurchase any shares. As of June 30, 2021, the Company had \$135 million of authorization remaining for repurchase under the Stock Repurchase Program.

As of June 30, 2021 the Company had 30,731,275 shares of Class A Common Stock and 11,484,408 shares of Class B Common Stock outstanding.

Please see the Company's Form 10-Q for the period ended June 30, 2021 for further details regarding the above matters.

Description of Non-GAAP Measures

The Company defines Adjusted Operating Income (Loss), which is a non-GAAP financial measure, as operating income (loss) before depreciation and amortization, cloud computing amortization, share-based compensation expense or benefit, impairment and other charges (including gains or losses on sales or dispositions of businesses), restructuring and other related charges, and including the Company's proportionate share of adjusted operating income (loss) from majority owned equity method investees. From time to time, we may exclude the impact of certain events, gains, losses or other charges (such as significant legal settlements) from AOI that affect our operating performance. Because it is based upon operating income (loss), Adjusted Operating Income (Loss) also excludes interest expense (including cash interest expense) and other non-operating income and expense items. The Company believes that the exclusion of share-based compensation expense or benefit allows investors to better track the performance of the various operating units of the business without regard to the effect of the settlement of an obligation that is not expected to be made in cash.

The Company believes that Adjusted Operating Income (Loss) is an appropriate measure for evaluating the operating performance of the business segments and the Company on a consolidated basis. Adjusted Operating Income (Loss) and similar measures with similar titles are common performance measures used by investors, analysts and peers to compare performance in the industry.

Internally, the Company uses net revenues and Adjusted Operating Income (Loss) measures as the most important indicators of its business performance, and evaluates management's effectiveness with specific reference to these indicators. Adjusted Operating Income (Loss) should be viewed as a supplement to and not a substitute for operating income (loss), net income (loss), and other measures of performance presented in accordance with U.S. generally accepted accounting principles ("GAAP"). Since Adjusted Operating Income (Loss) is not a measure of performance calculated in accordance with GAAP, this measure may not be comparable to similar measures with similar titles used by other companies. For a reconciliation of operating income (loss) to Adjusted Operating Income (Loss), please see pages 7-8 of this release.

The Company defines Free Cash Flow, which is a non-GAAP financial measure, as net cash provided by operating activities less capital expenditures and cash distributions to noncontrolling interests, all of which are reported in our Consolidated Statement of Cash Flows. The Company believes the most comparable GAAP financial measure of its liquidity is net cash provided by operating activities. The Company believes that Free Cash Flow is useful as an indicator of its overall liquidity, as the amount of Free Cash Flow generated in any period is representative of cash that is available for debt repayment, investment, and other discretionary and non-discretionary cash uses. The Company also believes that Free Cash Flow is one of several benchmarks used by analysts and investors who follow the industry for comparison of its liquidity with other companies in the industry, although the Company's measure of Free Cash Flow may not be directly comparable to similar measures reported by other companies. For a reconciliation of net cash provided by operating activities to Free Cash Flow, please see page 9 of this release.

The Company defines Adjusted Earnings per Diluted Share ("Adjusted EPS"), which is a non-GAAP financial measure, as earnings per diluted share excluding the following items: amortization of acquisition-related intangible assets; impairment and other charges (including gains or losses on sales or dispositions of businesses); non-cash impairments of goodwill, intangible and fixed assets; restructuring and other related charges; and gains and losses related to the extinguishment of debt; as well as the impact of taxes on the aforementioned items. The Company believes the most comparable GAAP financial measure is earnings per diluted share. The Company believes that Adjusted EPS is one of several benchmarks used by analysts and investors who follow the industry for comparison of its performance with other companies in the industry, although the Company's measure of Adjusted EPS may not be directly comparable to similar measures reported by other companies. For a reconciliation of earnings per diluted share to Adjusted EPS, please see pages 10-11 of this release.

Forward-Looking Statements

This earnings release may contain statements that constitute forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. These statements are based on management's current expectations and are subject to uncertainty and changes in circumstances. Investors are cautioned that any such forward-looking statements are not guarantees of future performance or results and involve risks and uncertainties, and that actual results or developments may differ materially from those in the forward-looking statements as a result of various factors, including financial community and rating agency perceptions of the Company and its business, operations, financial condition and the industries in which it operates and the factors described in the Company's filings with the Securities and Exchange Commission, including the sections entitled "Risk Factors" and "Management's Discussion and Analysis of Financial Condition and Results of Operations" contained therein. The Company disclaims any obligation to update any forward-looking statements contained herein.
